Elemis

Liquid Radiance is a two-phase anti-ageing system by Elemis. Working together they help to counteract the damaging environmental effects of pollution, the sun, poor diet and illness. They do this by detoxing and rejuvenating the skin to its optimum condition. It is to be used 2-3 times a year when your skin feels under nourished and has lost its radiance.

Phase 1 is to be used for the first 15 days to recondition and soften the skin ready for Phase 2. Phase 2 is to be used for the next 15 days and is a vitamin boost for the skin, including vitamins A, C and E. Vitamins are key to fighting the signs of ageing and to give your skin a boost.

Now winter is well on the way and Christmas is around the corner, it's the perfect time to bring back your skins radiance! *Nicola*

Dee's Beauty Tip

The Hydradermie is the star facial treatment of the Guinot range. In a little more than one hour your skin looks brand new, your face appears rested and you feel good about yourself.

The Hydradermie treatment is offered in five versions. These are tailored to the needs of your skin and your beauty aims, and are always performed by experienced and specially trained beauty therapists.

It is a very deep cleansing and hydrating facial, and with regular monthly treatment your skin is clearer, smoother and younger looking. Your skin renews itself every thirty days, producing a new generation of cells everyday—therefore you are getting the most benefit for your skin every four weeks.

The treatment uses mild electro-therapy and gentle massaging movements to help plant based ingredients to penetrate more deeply into the skin, deep cleansing as they go. Next, to oxygenate and energise the cells and also to create an anti-bacterial effect, high frequency is used. Then to finish, a relaxing lifting massage and customised mask to leave the complexion balanced healthy and glowing.

The Hydradermie is a luxury treatment that you should treat yourself to regularly—once a month to enjoy the therapeutic benefits for your skin and your wellbeing. Try it!
